Brad Aplin was a third generation commercial fisherman. For over thirty years, he traveled the Texas, Louisiana and Florida coasts catching fresh shrimp, oysters and blue crabs. In 1996, he and his wife Ping, decided to bring their knowledge of fresh seafood to the retail market and open their first restaurant - Bluewater Seafood in Champions. Today, much of our seafood comes from the same fishermen we have worked with for over twenty years. At Bluewater Seafood, we demand the freshest seafood to ensure that our customers receive the best seafood in town.
